About

Kurousa Just Wants to Go Home is a 2D physics action game for PC (Steam). Stretch Kurousa's long ears with the mouse to grab a ledge, then reel in and swing your way up a mountain of work. Coming soon to Steam.

Features (5)

- **Climb with just the mouse and his long ears**
- **Big falls, no checkpoints**
- **Race your personal-best ghost and see yourself improve**
- **Past 5 p.m., the overtime clock starts**
- **After clearing: new routes and multiple endings**
